

REMARKS

The Advisory Action did not enter the proposed Rule 116 amendment and did not address the arguments presented therein.

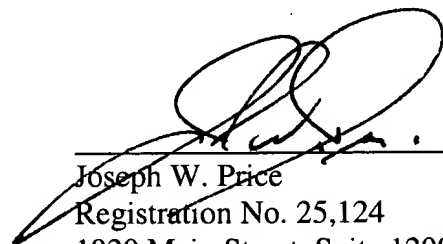

It is respectfully requested that the Rule 116 amendment now be entered and the arguments considered, and that the citation of a teaching reference be identified that would enable the proposed combination of the cited references.

The newly drafted Claims 50 and 51 do not add any new matter and are within the subject matter previously added. For example, support for Claim 50 can be found on Page 25, Lines 3-12, while support for Claim 51 can be found on Page 22, Lines 6-16. Additional support is found further throughout the drawings and specification of our application.

If the Examiner believes that a telephone interview will help further the prosecution of this case, the undersigned attorney is available at the listed telephone number.

Very truly yours,

SNELL & WILMER L.L.P.
